Raising Dogs to Help the Blind Inside Issue

James Rada, Jr.

Five young Labrador retrievers bounded into the Frederick Youth Center on a cold Thursday night, pulling their trainers behind them. Still puppies, they wanted to romp, play, and explore. They slid on the wooden floor, as they strained their leashes to visit nearby people or other puppies.

This wasn't a play-date for them, though. Pretty soon, they were calmed down and one-by-one they were asked to show their mastery of basic commands. They had to go to their rug and lay down on command and come to their trainer on command. They were also walked around the room to experience different smells and tactile sensations.

These puppies are destined for bigger things than chasing squirrels around a yard. They are only puppies now, but in a couple of years they will help blind people lead independent lives. These puppies are part of the Guiding Eyes For The Blind Program.

"Our job is to raise the puppies to be sent to New York, where they can be trained to be guide dogs," said Beth Propps of Emmitsburg.

She and her family have raised three dogs, from approximately eight weeks old until they are eighteen months old. Propps first got involved with the program in 2009, when she saw a newspaper ad asking for volunteers.

"We do miss the puppies when they leave—they're all such

Puppy-in-training, Endora, is shown with her raiser, Susan Allen.

characters—but we know going in we're only going to have them for a short time," Propps said.

Guiding Eyes has been around since 1954, so they have developed a program based on seeing what has worked in the past. Since all of the puppies that the organization trains each year can't be trained in New York, where the Guiding Eyes headquarters is, local organizations like Guiding Eyes Catoctin have been set up to handle the pretraining of puppies.

"They tell you exactly what needs to be done each day," Propps said. "Then the puppies are evaluated weekly to see how they are doing.'

The pre-training involves things that are good for every dog to know. House manners. Obey voice commands. Control their youthful exuberance. The local families also make sure to expose the dogs to a variety of stimuli, such as train noises, crowds, and farm animals.

Not all dogs are cut out to be guide dogs, though. When the dogs are eighteen months old, they are evaluated for the New York program, and again upon completion of the program. Those dogs that don't make the cut are often used as companions for autistic children or police dogs to be trained to sniff out drugs or bombs. A few might be used in a Guiding Eyes breeding program. If none of those options work, then the dog is

adopted out to a loving family.

Guiding Eyes depends on volunteer puppy raisers to provide the love, support, and direction the puppies need to prepare them for formal training as future guide dogs. No prior experience is necessary, as Guiding Eyes provides training and support for raisers; raisers attend local classes and puppy evaluations.

POSTAL CUSTOMER

Dear Reader:

We hope everyone had a great Valentine's Day and got lots of loving from that special someone in your life.

While it's still cold outside, because that darned groundhog saw his shadow, we can at least dream of the warmer weather that may come by the end of this month. Thurmont is working in conjunction with the National Park Service to develop the new Gateway Trail, from the town to Catoctin Mountain Park.

I'd also like to call your attention to an issue that Thurmont Commissioner Burns brought up during a recent town meeting. The Frederick County Board of Education has talked about closing Sabillasville Elementary School. It's not the first time this topic has come up and it probably won't be the last. Since this is not an editorial, I'm not going to take a position one way or the other. However, I would urge any of you with opinions on the matter to please let the Board of Education members know your views. Your best chance of getting the decision you want in the matter is to make sure that the Board is as informed as it can be about why Sabillasville Elementary is or isn't needed in the community.

Meanwhile, in this issue, you'll find a mix of our regular columns featuring new business, local history, arts and entertainment, and town hall goings on. It's your most-complete snapshot of the Catoctin region for March.

We continue to try and pack the pages with stories that won't leave you finishing reading the paper and feeling depressed or discouraged.

We'd also like to thank all of our advertisers, and you should, too. Why? Because it is through their support that we are able to bring you *The Catoctin Banner* each month. You can show your support by shopping at our advertisers and mentioning their ads in *The Catoctin Banner* when you do.

Corrections: In last month's article, "Jen's Cutting Edge Moves to New Location," we did not state the address of the new location. Jen set up shop at 12917 Catoctin Furnace Road, next to Mike's Auto Body. The correction has been made online for public reference at www.TheCatoctinBanner.com. Also, in the Wivell Family Christmas photo, one Wivell brother was left out of the identification list, Roy Wivell. Our apologies to Roy and the family!

Thurmont Moves Forward on The Gateway Trail

James Rada, Jr.

You may notice some new road signs in Thurmont indicating that you are on The Gateway Trail.

The signs were approved by the Thurmont Mayor and Board of Commissioners in January, as a way to start promoting the new hiking and biking trail before the weather turns warm.

Thurmont Main Street Manager Vickie Grinder told the commissioners that the idea was "to create a buzz" about the trail.

In 2012, Catoctin Mountain Park had nearly 250,000 visitors, but only a small portion of those visitors extended their visit into Thurmont, according to Grinder. She believes that The Gateway Trail will help encourage visitors to come into town after their visit to the park.

The trail begins at the Trolley Trail in town. From Memorial Park, it runs along Park Lane to Frederick Road to South Altamont and west

along West Main Street. At that point, the trail will tie in with a trail that the National Park Service is developing down to the Lewis Property. Once complete, visitors will be able to hike from Thurmont up onto Catoctin Mountain and back.

www.TheCatoctinBanner.com

Eventually, the goal is to run the trail through Community Park and build a bridge at the back of the park that crosses the highway and ties into the Lewis Property from that direction.

The mayor and commissioners approved \$350 for up to twelve signs to mark the trail. This would allow people to start using the trail this season. Grinder said that it would put the trail "on the map" for possible funding for trail improvements next year.

'This can work," Grinder told the commissioners. "It will work. It is just going to take a concerted effort by all parties."

Emmitsburg February 2015

Emmitsburg Considering a Dog

There is interest among the Emmitsburg Mayor and Town Commissioners to see if a dog park would be feasible in town.

Mayor Don Briggs said things are still very early in the process. He equated it to "sticking your toe in the pool to see if the water is warm," during the February 2 town meeting.

The park would probably need approximately 12,000 square feet and would contain a fountain that the dogs could drink from. However, no location for the park was mentioned at this early stage.

Thurmont Fine Tunes Food Bank Agreement

The Thurmont Mayor and Commissioners went over the memorandum of understanding between the town and Thurmont Ministerium for the use of the old town office as the location for the Thurmont Food Bank. The Food Bank moved into its new home on February 21. The grand opening will be held on March 7 at 10:00

Thurmont Changes Planning and **Zoning Commission**

Because of difficulties in sometimes having a quorum of members of the Thurmont Planning and Zoning Commission present for meetings, Mayor John Kinnaird introduced changes that would form the commission

with five members rather than seven. If a three-member quorum can't be made, then the alternate member will be able to vote, and if the alternate member is not present or regular members of the commission are absent, the commissioner liaison will be able

Kinnaird said it was "embarrassing to have residents come in when there's not enough members to vote."

The commissioners voted unanimously to enact the change.

Commissioner Urges Residents to Speak up to Support Sabillasville Elementary

Although the Frederick County Board of Education has taken closing Sabillasville Elementary School off the table for now, the Thurmont Mayor and Commissioners seem to feel it's only a matter of time before the topic is reintroduced.

During a recent town meeting, Commissioner Martin Burns urged residents to let the Board of Education know that they don't want to see the school closed. He also is planning to write a letter to the state delegation that the mayor and commissioners can sign, explaining the town's position on the issue.

Commissioner Wayne Hooper said that although the Board has said that it is developing a policy to deal with when a school should be closed, he feels that because of the timing of it, the conditions of policy might be structured so that it targets Sabillasville Elementary. This would then give the Board an excuse to close the school other than saying it is for budgetary reasons.

The Thurmont Thespians Present: Meshuggah-Nuns: The Ecumenical Nunsense

The Thurmont Thespians are bringing back the Little Sisters of Hoboken this winter with Meshuggah-Nuns! The Ecumenical Nunsense. Pictured from left are Emily Cofer as Sr. Amnesia, Allison Banzhoff as Reverand Mother, Anna Perry as Sr. Hubert, Travis Sanders as Howard Listz, Kelli Donaghue as Sr. Robert Ann, and Jessica Paguingan as Sr. Gnu.

In 2007, the Thurmont Thespians started the Nunsense series with the original *Nunsense*, which was a huge success for the local theater group. They followed that up in 2009 with *Nunsense 2: The Second Coming*, which was also well received by the area theater goers. Now six years later, they are bringing another hilarious entry from the *Nunsense* series back to the stage with *Meshuggah-Nuns: The Ecumenical Nunsense*, and will once again be directed by Steven Ross.

Playing the part of Reverend Mother is Allison Banzhoff from Hagerstown, Maryland, making her debut with the Thurmont Thespians. Kelli Donaghue from Woodsboro, Maryland, will be playing Sister Robert Anne, and Travis Sanders from Fairfield, Pennsylvania, will be taking on the role of Howard Listz. Making her stage debut is Jessica Paguingan from Thurmont, playing Sister Gnu and understudying the role of Sister Amnesia. Rounding out the cast are Thurmont natives Anna Perry as Sister Hubert and Emily Cofer as Sister Amnesia.

Meshuggah-Nuns sets sail for laughs and fun on the high seas with the Little Sisters of Hoboken attempting to put on a show for the Faiths of All Nations cruise. They are joined by Howard Liszt, the only cast member from the ship's production of "Fiddler on the Roof" not affected by sea sickness. Hilarity ensues when these characters join forces to put on a wacky-review show that is part Catholic, part Jewish, and part disaster movie, with a little "Gilligan's Island" thrown in to top it off.

The show dates are March 20, 21, 27, and 28 at 7:30 p.m.; and March 22 and 29 at 2:00 p.m. Tickets are \$15.00 per person. Dinner theater is on March 28 at 6:00 p.m. and is \$35.00 per person.

The Palms Restaurant Adds New Hours

Deb Spalding

Terry (Orndorff) Ryder and Doug Long, proprietors of The Palms Restaurant, located at 16-20 West Main Street in Emmitsburg, will now open the restaurant on Tuesdays, from 11:00 a.m.-9:00 p.m.

Customer hours the rest of the week remain the same: Wednesdays through Saturdays, 7:30 a.m.-9:00 p.m.; Sundays 7:30-11:30 a.m., with only breakfast served; Closed on Mondays.

Terry has a long history at the restaurant. She was hired in 1981 by Adam Mott, and worked there full-time for seven years. She left for a job at the Provincial House.

"In 1999, Frank Davis talked me into coming back full-time," said Terry. His mother, Dot Davis, needed the help, so she worked with Frank and his wife, Julie, to run the establishment. In August of 2001, Terry and Doug purchased the business.

The restaurant stands on a solid reputation for good food. "Everything is homemade," said Terry.

Customer favorites include soups, crab cakes, the crab & cheddar melt, the real hot turkey sandwich with fries, and the desserts. Despite the chilly weather, the soft ice cream machine is up and running for hot fudge brownie sundaes and pie a-la-mode. Breakfast is also popular at The Palms Restaurant.

"On Sundays, if you get in before the door locks, you will get your breakfast," said Terry.

The bar at The Palms is also open. Stop by for the popular Orange Crush that also comes in Ruby Red Grapefruit, Orange Cranberry, and Watermelon flavors. When the restaurant is open, The Palms' bar is also open. Stop in until

very good care of our dogs and cats," said Gray.

Shop owner Judy Cochran said, "It's important to me to ensure that our customers receive the best of care. Our pets are members of our families, and we treat them as part of our family while they visit."

Customer, Eric Lewis of Emmitsburg, took his boxer named Koolie to the Emmitsburg Main Street Groomers, because he received their colorful flier in the mail. "I chose this groomer because of location. Greta is doing a great job," said Lewis.

Seton Village Now Fully Leased

James Rada, Jr.

It didn't take long for the new Seton Village Apartments in Emmitsburg to fill up. The apartments were open for occupancy in November 2014 and the last of the forty-three units was occupied in early February 2015.

"The people who are moving in love the property, and they love the community," said Karen Williams, the community manager for Humphrey Management, who handles the leasing of the apartments.

Homes for America, a non-profit housing development corporation, redeveloped one wing of the Daughters of Charity Provincial House and converted the A wing into forty-three senior apartments. The apartment sizes range from 600 square feet to 900 square feet. They include a mix of one-bedroom, two-bedroom, and handicap-accessible designs.

Homes for America is based in Annapolis, Maryland. It specializes in creating affordable housing for low- and moderate-income households, in particular those that include seniors or people with special needs. Since 1994, Homes for America has created 67 housing communities that contain 5,258 rental units in Maryland, Pennsylvania, Virginia, and Delaware.

Williams said that the apartments and its residents have integrated well with the other non-profit and business operations in the building. The apartments share their building with the National Shrine of Saint Elizabeth Ann Seton, the Daughters of Charity Archives, and St. Joseph's Ministries.

While some of the residents in Seton Village already lived locally and simply relocated, other residents moved into the community from out of state.

"We have residents from Massachusetts, Florida, and Texas," Williams said. "With the family from Texas, their family lived locally and was able to relocate them here when they heard about the apartments."

Seton Village, which began two years ago, received a federal loan to help purchase the property. As long as the community continues to meet certain conditions, the loan will not have to be repaid.

Catoctin Mountain Park Ranger Don Stanley Wins Regional Award

Donald Stanley, Park Ranger at Catoctin Mountain Park, has been selected to receive the National Capital Region's Harry Yount Award. Named after Harry Yount, the first National Park Ranger, the award recognizes individual excellence in the art and science of rangering. The Harry Yount Park Ranger Award is the benchmark of recognition for a National Park Service Ranger.

Don Stanley (left) is shown receiving the National Capital Region's Harry Yount Award from Superintendent Mel Poole (right) at a park ceremony held on January 6, 2015.

"The entire Catoctin Mountain Park staff is proud of Ranger Stanley's accomplishments. He is very deserving of this honor and continues to serve as an example of quality public service to the American public," said Superintendent Mel Poole.

Ranger Stanley is the seventh Catoctin Mountain Park Ranger to win the Regional Harry Yount Award. He began his career with the National Park Service in 1983 at Big Bend National Park, where he worked for three years as a wildland fire fighter. Ranger Stanley returned to the National Park Service at Indiana Dunes National Lakeshore in 1988; he then transferred to the C&O Canal, where he conducted living history accounts of the C&O Canal era as an interpreter and cared for the park's mules.

In 1991, Ranger Stanley moved to Catoctin Mountain to manage the Park's Volunteer Horse Mounted Patrol Program and the recreational riding program for children with special needs. He attended training at the Federal Law Enforcement Training Center in 1992, and added protection of park visitors and resources to his responsibilities.

Ranger Stanley—a Lincoln, Nebraska, native—lives in Thurmont. He is the Fire Management Officer for Catoctin Mountain Park. An Eagle Scout himself, Ranger Stanley works with Boy Scout groups and manages the Annual Order of the Arrow Ordeal work event, held annually at Catoctin Mountain Park. He enjoys hunting, fishing, and gardening in his spare time.

Emmitsburg Volunteer Ambulance Company Holds 26th Annual Banquet

Allison Rostad

The Emmitsburg Volunteer Ambulance Company held its 26th Annual Banquet and Awards Ceremony on Saturday, January 31, 2015, at their station. The event included a social hour with music by Mike Mahoney of Dr. Mudcat's Medicine Show D.J., followed by a dinner buffet provided by Sunnyway Catering Services. Father John Holliday of St. Joseph's Catholic Church led the invocation.

The awards ceremony opened with Eric Stackhouse, assistant chief operational officer and vice president administrative officer, emceeing the program. Stackhouse first introduced guest speaker Clarence "Chip" Jewell, Director/Volunteer Chief with the Division of Volunteer Fire and Rescue Services (DFRS), who gave a presentation on the necessity of having volunteers remain within the field. Following Jewell's presentation, Company President Mary Lou Little, gave her remarks on the past year's trials and tribulations.

"Members have learned to work very well with each other," Little explained about the company and their overall reaction to being placed on second due status this past year. "Our supporters never gave up on us," she continued, "they stuck by us as always." The banquet's underlying message was unity and perseverance.

"Another big challenge we faced was having our county funding withheld, because we're not running first due calls due to the career staff being removed and housed at the fire company," said Little. "We now had to pay 100 percent of all operating costs...we live every day, every week, every month by our original income budget. We raise every dime to continue to save the county millions of dollars."

Although the company was hit with a tough year, they managed to raise over \$5,000 to donate to scholarships to help students at Catoctin High School and Mother Seton School, as well as other non–profit organizations within the community.

Little stated, "It is very important to us to be able to 'give back' to our community." To close her remarks, she asked that each member of the ambulance crew stand so she could recognize them with the 2014 President Award, as it was a "no brainer" for her to choose the entire company for their efforts in keeping the company up and running.

Chief Rose Latini then took the stage to present her remarks on the past year as well, calling the station "The little engine that could."

Although the company was on second due status for the majority of the year, they still managed to gain twelve new operational members, and are still recruiting.

"The past year has been a very rewarding road," Latini explained, referencing Little's statement about losing the career staff. "It allowed us time to take a look into the house and work with DFRS to get things where they are today. We've bonded as an operational team. I realized during that time the passion that our operational members had," added Latini.

She applauded the members and presented the 2014 Chief's Award to all members of the company saying, "There's not one person in this company that did not rise to the occasion."

Stackhouse returned to the stage and began calling the names of every member, as they all were to receive a reward from both the chief and president for their outstanding achievement throughout the year.

Little then presented Life Membership awards to members who had earned their gold cards: Eric Stackhouse, Beth Ruppel, and John Ruppel. The Training Award was presented to Smiley and Judy White, who came down to the station to help train EVAC members so they could qualify for their certifications.

Dan and Anne Reaver were presented a special award by Little, where she mentioned that the Company, "wouldn't know where they'd be without them."

Stackhouse recognized the Top 10 LOSAP: Pam Bolin (267); Vicki Long (285); Ed Little (349); Diane Kelly (380); John Ruppel (398); Kim Bolin (427); Beth Ruppel (513); Mary Lou Little (572); Dallas Bucheit (582); and Jim Wormley (596).

Top 10 Responders were: (1) Rose Latini; (2) Jennifer Frushour; (3) Eric Stackhouse; (4) Colt Black; (5) John Ruppel; (6) Beth Ruppel; (7) C.N. Burriss; (8) Dallas Bucheit; (9) Brandon Burriss; (10) Lisa Eichelberger.

Lastly, Stackhouse recognized the members of Thurmont Ambulance Company 30 with a bronze plaque of their new social hall being built as a thank you for all their assistance throughout 2014.

As part of closing the ceremony, Stackhouse had a few presentations he wanted to give away himself. He invited both Little and Latini back up to the stage, where he presented each with an award. For Little, the Board of Directors decided to pay for the first month of internet service to be set up at her house, as she's only been able to send and receive emails while at the station. She was also rewarded with a gavel from Stackhouse to have and use at meetings. For Latini, she was awarded a Company 26 winter jacket, as it seems she's always cold. A round of applause was given for both for their hard work and dedication.

Judith White, Secretary of Frederick County Volunteer Fire and Rescue Association, installed officers. Operational Officers: Chief-Rose Latini; Assistant Chief—Eric Stackhouse; Lieutenants—Sara Johnston, Rose Mercandetti, and Rachel Rosebrock; Sergeants-Beth Ruppel and John Ruppel; and Honorary Lieutenant—Ed Little. Administrative Officers: President— Mary Lou Little; Vice President—Eric Stackhouse; Secretary—Vicki Long; Assistant Secretary—Kim Bolin; Treasurer—Pam Bolin; and Assistant Treasurer—Beth Ruppel. Town of Thurmont Holds Open House for New Municipal Building

Photo by Allison Rostad

Pictured from left are Town Commissioners Bill Buehrer, Wayne Hooper, Marty Burns, Wes Hamrick, and Mayor John Kinnaird during the Dedication Ceremony for the Town of Thurmont's new Municipal Building on January 31, 2015.

During the Open House and Dedication Ceremony for the Town of Thurmont's new Municipal Building, held January 31, 2015, Thurmont Mayor John Kinnaird was obviously very proud. His message was one of great appreciation for all the parties involved in bringing the project to fruition.

Town Commissioner Wayne Hooper had broached the idea of purchasing the former Daily Funeral Home property, located at 615 East Main Street, and renovating it for use as a new town municipal building. At the time, Town Commissioner Marty Burns was mayor and helped to jumpstart the project. Mayor Kinnaird took office as the bidding process for construction was about to begin. Mayor Kinnaird stayed very involved in the project as it progressed.

Mayor Kinnaird asked former Mayor, now Commissioner, Burns to cut the ribbon. Burns was sure to point out that no one person gets all of the credit for the project. It was truly a combined effort by many, including Bill Blakeslee for applying for the money and grants to purchase the building and completing many of the renovations.

After the ribbon was cut, Mayor Kinnaird welcomed special guests, starting with Frederick County Executive Jan Gardner. Gardner offered congratulations for a beautiful renovation that will serve the community for many years.

Frederick County Councilman Kirby Delauter said, "It's a good day for Thurmont. Congratulations!"

Kinnaird recognized Thurmont Police Chief Greg Eyler; Thurmont Police Lt. Alan Droneburg; Frederick County Sheriff Chuck Jenkins;

Lonestar Builders; Green Brothers Construction; Cornerstone Heating and Air Conditioning; Tier One Technology Partners; Quick Connect Communications; former Mayor Eileen Waesche; Lisa Nolan Humerick; Lowman Keeney with the Thurmont Ambulance Company; former Thurmont Superintendent of Public Works, Joe Fraley; Donna Voellinger, President of the Thurmont Historical Society; Carol Robertson, President of Catoctin Colorfest; Butch West and the Thurmont Public Works Department; Jim Brown, Project Manager; and other Town staff, including Harold Lawson, Randy Eyler, Tim Eyler, Brad Weddle, Dave Stevens, Gary Hodges, Lee Hanvey, and Russell Sanders. Town of Thurmont office staff members were also introduced, including Becky Long, Senior Administrative Assistant; Tracy Schur, Chief Financial Officer; Wanda Stottlemyer; Melody Dix; Lori Kaas; Debbie Ecker; and Chief Administrative Officer Jim Humerick.

Mayor Kinnaird gave praise to all parties involved and also recognized Jim Castle with the Department of Housing and Community Development, stating that, "We wouldn't have gotten the grant money to purchase the building and complete the project without his help."

A historian at heart, Mayor Kinnaird noted the history of Thurmont Town Offices. They were first housed in the basement of the Thurmont Bank Building on the square, and then moved in 1956 or 1957 to the Frederick Street location. Moving now to a property that was once owned by one of Thurmont's former mayors seems fitting.

Vigilant Hose Company Presents Fire Safety Talk to Tyrian Masonic Lodge

On February 12, 2015, Elyssa Cool, the chairperson of Fire Safety and Prevention at Vigilant Hose Company, presented a fire safety talk to members of Tyrian Masonic Lodge. Cool talked about fire safety and prevention in the home, the importance of CO2 detectors, alternative heat sources, and emissions.

Cool presented an excellent question-and-answer session and presented each member with a tote bag and informative brochures to be used in the home. Many thanks to Vigilant Hose Company and Elyssa Cool.

The Legend of the Leprechaun on Old Frederick Road Deb Spalding

It was a thick, foggy summer night in the mid-1980s when I stumbled upon what appeared to me as a leprechaun on Old Frederick Road, near Loy's Station Bridge. According to my mother, my lineage has about one-twelfth Irish heritage on my maternal great-great grandmother's side, named Flynn. In my opinion, that's hardly enough blood blarney to invite kindred appearances.

It is not intentional that I spin this yarn thirty years later. I've recalled the memory, because I was looking for a different kind of story related to St. Patrick's Day for this March issue of *The Catoctin Banner* newspaper. I thought it would be interesting to see whether any other folks had stumbled upon the same apparition in the region, or if it lived only in my vivid imagination.

You see, on that long-ago summer night, I was just a young girl, driving around with a high school friend, when out of the fog, on the opposite side of the road, I caught a glimpse of what appeared to be a frolicking dark-haired, bearded leprechaun—green suit, hat, and all! I jerked the steering wheel slightly—and safely—to the right. This sudden movement did arouse the question of my friend as to why I jerked the steering wheel, but I don't remember if I told her about what I had seen. I mean, really...would you? The fog was so thick that night, and I was driving slowly.

Leprechauns are said to be as small as a little finger or as large as a small child. My quick glimpse of the leprechaun I thought I spotted stood about a foot to a foot-and-a-half high—definitely no higher than the bumper of the car we were in, which was a Ford LTD.

Online, leprechauns sightings are as rare as fairies and mermaids. Aliens and monsters are much more popular. There seemed to be a leprechaun sighting in Mobile, Alabama, but the witnesses were more interested in the party-like atmosphere it created while looking for the imaginary pot of gold.

In Ireland, folklore says leprechauns are humble cobblers or shoemakers. So humble that they live frugally and far from the elusive pot of gold and riches lifestyle they are said to impart upon those lucky enough to see them. Apparently, it's not in the "seeing" wherein the luck is made, but in the "catching." Good luck with that!

How Did the Shamrock Become Associated with Saint Fatrick?

According to Irish legend, the saint used the three-leafed plant as a metaphor for the Holy Trinity when he was first introducing Christianity to Ireland.

Irish Blessing

For each petal on the shamrock this brings a wish your way. Good health, good luck, and happiness for today and every day.

Scribbler's Club Good at Finding Just the "Write" Word

James Rada, Jr.

They have a way with words. They are the Scribbler's Club at Mother Seton School in Emmitsburg. This group of third through fifth graders meets on Tuesdays to learn more about

writing

Third through fifth grade students in the Scribbler's Club at Mother Seton School meet every Tuesday to share their stories and to express their ideas and creativity through writing.

better and to share their stories.

Whether it is a story about sibling rivalry or a poem about Harry Potter, these young writers are anxious to try new ways to express themselves through the written word.

"This is creative outlet for these kids," says Club Advisor Lynn Tayler. "A lot of kids love to write, and they get to do that here."

She said that her goal is to have the young writers contribute at least one story to an end-of-the-year journal that will show off the best that the Scribbler's Club has to offer.

The club meets on Tuesdays after school in the library. They come in with journals filled with stories, poems, and ideas that they have been working on throughout the week.

"I like writing because it allows you to express your feelings," said Ella Lowry, a third grader.

The club is currently made up of approximately a dozen students. About two thirds of them are girls, but the different writing interests are evenly spread among the group members.

Fourthgrader Beckett Taylor likes writing action and adventure

stories. "I like being able to write whatever stories I want and not just what I have to for school," he said.

The Catoctin Banner Newspaper

Club Advisor Lynn Tayler and her co-advisor, Dianne Hoffman, introduce the students to new types of writing and have them experiment with them. It might be through writing prompts or worksheets with examples of different types of writing.

For Valentine's Day, the group experimented writing different types of poetry.

"It exercises my head," said Gray Grube, a third grader. "I like it."

The goal of the club is to encourage these young writers to not only engage their imaginations but to be able to express those ideas.

Fifth-grader Mia Furraro says that she has always loved to write. "I love to express how I feel through words and with my imagination, and I want to get better at it," she said.

Mother Seton School Alumni Present Gift for Scholarship Fund

The Jack and Shirley Little Scholarship Fund at Mother Seton School (MSS) will help a few more families this year, thanks to the efforts of the Little Family. On December 15, 2014, Tony Little, Mary-Lou Little, and Jane Moore, presented MSS Principal Sr. Brenda Monahan, D.C. with a check for \$10,000 (the proceeds from the annual Angels Above Alumni Golf Tournament). The 2014 event was held on October 3 at the Mountain View Golf Club in Fairfield, Pennsylvania.

The Little Family donated \$10,000 towards the Mother Seton School scholarship, named for their parents, Jack and Shirley Little. The donation came from proceeds from the annual Angels Above Golf Tournament that the family hosts. Pictured from left are Sr. Brenda Monahan, D.C. (Principal), Mary-Lou Little, Tony Little, and Jane Moore.

The tournament began as a promise made to their dying father that the Little siblings would do something to repay the generosity shown their parents when they sent their six children to MSS in the 1970s and 1980s. Tony, a graduate of MSS in 1978, followed through with that commitment and, with his siblings—Tim, Mary Lou, Pam, Scott, and Ed—launched the golf tournament as a means to raise money for the Jack and Shirley Little Scholarship Fund at Mother Seton School.

To date, the tournament has raised over \$60,000 for the fund and helped numerous families afford the cost of tuition to MSS.

"We want to continue to help Mother Seton School grow and thrive, and not have money be an issue (for families who wish to enroll their children)," Tony Little said.

"We are grateful to the Little Family for their generosity and continued commitment to Catholic education," said Monahan. "Mother Seton School helps students to integrate their faith into every aspect of life. Our students excel academically and have the opportunity to experience a diverse selection of extracurricular activities. Thanks to the support of the Little Family, we can meet the growing demand for financial assistance so that families can choose and remain in a Catholic School."

Tony Little remains humble about his and his siblings contributions. "None of us do this for recognition, only to keep mom and dad's dream alive. For that reason, we will continue our efforts to contribute to the scholarship fund."

The next Angels Above Alumni Golf Tournament will be held on October 2,

FFA Happenings

John Kempisty

On Friday, February 13, 2015, the Catoctin FFA Chapter and Alumni held their annual hog butchering at Catoctin High School in Thurmont.

Members of the Catoctin FFA Alumni, the Catoctin FFA Chapter, and volunteers from Thurmont, Emmitsburg, and surrounding communities, came together for the annual tradition of butchering and processing the hogs. The members spent the day sectioning the hogs into ham, bacon, and other cuts, making and seasoning sausage, cooking and stirring scrapple over wood fires, and pressing crinklings.

At the end of the day, they butchered and processed eighteen hogs, yielding approximately 4,000 pounds of meat. The hog butchering is one of the biggest fundraisers for the Catoctin FFA Chapter, and is unique, as Catoctin is the only chapter that hosts an event of its kind in the state of Maryland, through FFA and the FFA Alumni.

The Catoctin FFA Chapter would like to thank the Catoctin FFA Alumni and everyone who volunteered for their support. There is a lot that goes into keeping this tradition alive every year, and we wouldn't be able to do it without your help. Thanks also goes out to our many customers who place hundreds of orders every year, which support the Catoctin FFA Chapter and the Catoctin FFA Alumni.

The Last Supper Presentation by Rabbi Ted Simon

The Catoctin Banner Newspaper

Rabbi Ted Simon will be explaining the Jewish roots of the Last Supper as part of a Lenten program at Harriet Chapel, Catoctin Episcopal Parish, located at 12625 Catoctin Furnace Road (Rte. 806), just south of Thurmont, on March 25, 2015, at 7:00 p.m.

In a phone interview, Rabbi Simon enthusiastically explained that this presentation is helpful for Christians, Jews, or anyone with questions about the connection between Jewish scriptures and traditions and Christian beliefs and traditions. Rabbi Simon is a Messianic Jew, which means he believes Jesus is the Messiah for all people. Rabbi Simon co-hosts a daily radio show and shares his beliefs through talks and by hosting Seder meals around the country. His energetic presentation makes the Last Supper come alive, as he explains what Jesus' Jewish followers would have understood when Jesus took up a cup of wine after supper and shared unleavened bread. As Rabbi Simon talks the Seder meal will be demonstrated with samples of Passover foods available to guests. Rabbi Simon welcomes questions and would like to invite those who have no experience with either the Jewish or Christian faith to take part. A free-will offering will be taken up to defray Rabbi Simon's expenses.

Expert Answers to Your Health and Wellness Questions

Question: Is sweating any indication of how hard I'm working out?

Answer: How much you sweat depends on the type of workout and training goal, rather than how hard you're working out. For example, power lifters who train hard and lift heavy need ample rest in between sets and, typically, do not sweat as much as someone moving through an eight-station circuit with little to no rest inbetween each exercise.

Both types of workouts are challenging, but the amount of sweat you produce will be very different. Your environmental surroundings can also influence how much you'll sweat. Cooler temperatures or working out in an air-conditioned room will result

in less sweating, while a warmer room, such as a hot yoga studio, will result in the opposite. Keep in mind that sweating is your body's way of cooling itself. Some people are simply more efficient at this than others, thus more sweat! Instead of measuring your sweat to see if you're working hard enough, try using the "talk test" (if you're working hard it should be tough to talk), a heart rate monitor (an indicator of how hard your heart is working), or measure your workload (wattage, mileage, Mets).

Question: Since retirement, I have more time on my hands and want to devote a few days a week to working out. But, I've never worked out before. Can you give me some advice to help me get started, so I do not injure myself?

Answer: One of the easiest ways to avoid injury when beginning a fitness program is to, first, get clearance from your physician.

It's important, especially if you have been sedentary, to know what you can do based on your current health, age, and overall physical condition.

Next, once you find an activity that you enjoy, make sure to take time to warm up properly to help lubricate joints and slowly increase the demand on the heart and lungs for more intense exercise. If it's cardio you're doing, begin slowly and then increase the speed. If it's a weight workout, lighter weight and smaller range of motion will be appropriate for the warm up.

As well, you'll want to progress slowly with your exercise goals, as the risk of injury is higher when

you do too much, too soon, too fast.

Remember, fitness is a life-long journey! Lastly, stay hydrated. Proper hydration helps to regulate heart rate and core temperature, as well as replenish lost fluids from exercise.

Fresh vegetables and fruits are definitely the way to go! However, sometimes, time is rushed, so ready frozen meals show up on the dinner table. With an increasing number of working couples trying to fit in daily chores, work, project deadlines, and children's activities, there seems hardly enough time in the day for cooking. This is the time when frozen meals come in handy, such as pizza, burgers, entrees, and the like.

Taking a stroll down the frozen food aisle, you'll find many choices, ranging from comfort food to Italian and Asian fare. The selections will satisfy your taste buds, whether you like chicken, beef, seafood, or a vegetarian meal. The downfall of frozen entrees is that you need to really watch out for the additives.

Nutritionally, how do frozen meals stack up against homemade cooking?

Processed foods, such as frozen dinners, are generally higher in sodium. Check out the sodium content and beware of the calories. Usually, frozen meals made with whole grains, lean proteins, and vegetables are more moderate in sodium and calories. By doing some careful reading, you can opt for one

of these convenient meals without the guilt trip.

The Catoctin Banner Newspaper

Here are a few tips to help you when choosing a frozen nutritional meal.

Choose those with at least eight grams of protein and four grams of fiber.

Increase the contents by adding your favorite vegetable. Yours truly always adds steamed veggies to help lower the sodium taste.

Add some fruit to round out your meal. The fiber and protein will also keep you feeling full longer and boost your nutrient intake.

Be sure to check the fine print. Processed foods can also have added saturated fat. Preferably, choose meals with no more than 600 milligrams of sodium and 4 grams of saturated fat. Also, try to avoid frozen meals with any kind of cheese sauce. These meals are high in calories and saturated fat.

Occasionally serving a frozen dinner in today's busy world may be a little more acceptable than in years past. But, remember the guidelines.

Of course, nutritionally, homemade cooking is the best! You can determine the additives. Cooking with nutrition is the way to healthiness!

Sketch of A n Artist

Artists are visual historians with the ability to record, enhance, or influence the human condition with a variety of media—paints, charcoal, pencil, pen, ink—on a variety of surfaces, from cave walls to homes to houses of worship to the polished corridors of galleries all over the globe. Steve Burdette is one of those artists.

The artist who greeted me from his front porch the day of my visit was an affable guy, making me laugh within moments of meeting, and quite often throughout our meeting, as he recounted many anecdotes. He was introspective, too; at junctures in our conversation, he yielded to a more serious tone while commiserating about current events.

As I was going through his prints, he took time to explain the painting techniques he had used in one piece or another. He even waxed poetic about his granddaughter's use of color when they spend time together painting in his workspace.

Originally hailing from the rolling farm country of Damascus, Maryland, Steve Burdette spent his formative years instilled with a sense of wonder and appreciation of nature—the outdoors and architecture reflected in his art.

Steve and his wife Kathy have three adult children, two grandchildren, and a grandchild on the way. He and Kathy reside in Blue Ridge Summit, Pennsylvania. Steve remains a working artist, with an extensive and varied portfolio of oils and watercolors and other media. Many works in progress rest around his home studio.

A painting I'm looking forward to seeing upon its completion is of Steve's mom in her garden. He credits her for recognizing his artistic nature when he was just a child, and saving money earned from babysitting to pay Charles Jones, a Damascus, Maryland, art instructor, under whom Steve studied for fourteen years.

The body of Steve's work has something for everyone. There are landscapes and architecture, including a multitude of barns and rural outbuildings. There are tractors, and my personal favorites: the florals and the paper birch trees and creeks in all seasons.

Some of Steve's most evocative works are renderings of his vision of the Battle of Monterey Pass in Blue Ridge Summit. It occurred as the Confederate soldiers were in retreat, following the Battle of Gettysburg.

I first saw prints of Steve's works, including the Battle of Monterey Pass, at the Martin House Bed and Breakfast, although he has had exhibits at venues such as the Weinberg Center for the Arts in Frederick, Maryland. Lynn and Duke Martin, owners of Martin House Bed and Breakfast, proudly display and market prints of Steve's art at their Bed and Breakfast. After seeing Steve's art, I was truly looking forward to meeting the artist who exhibited such a wide range of skill, style, and creativity.

For the Battle of Monterey Pass, Steve spent hours on the old Maria Furnace Road that runs into the forest behind the new museum at Monterey Pass Battlefield Park. He imagined the wagon train of defeated Confederates, many already mortally wounded during battle at Gettysburg, sustaining an attack by Union soldiers. He envisioned the darkness, lightening, thunder, and blinding rain. In his mind's eye, Steve saw that horrible night and painted what he imagined.

Generally, the artistic process for Steve may be the stereotypical one of an artist setting up outdoors and, weather permitting, sketching or painting away. But Steve often asks his wife Kathy, a talented photographer in her own right, to snap scenes or subjects he wants to paint that she later downloads onto the computer. He then sketches the image from the screen and later paints from his sketch.

Steve has enjoyed the support and encouragement of his wife, Kathy, and their three adult children.

At one time, they also had a gallery at Tracey's Corner in Blue Ridge Summit that they decided to close during the nation's economic downturn. It may have been a blessing in disguise, actually benefiting Steve's creativity and, ultimately, all who love and appreciate his art. He believes an artist may overlook a beautiful subject because it may not "sell," and considers that the demise of art. As the gallery doors drifted to a close, Steve felt his joy of creativity revived and renewed. He felt free to paint subjects that made him happy, rather than subjects he felt compelled to paint to fulfill market demands.

This artist wears yet another other hat, or two.

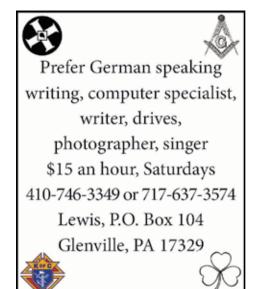

Steve grew

up a firearms enthusiast with his brother, but he put up his guns to gather cobwebs after his brother passed away. But

one day Steve decided to remember the years of gun training he had enjoyed with his brother, and chose to carry on their shared legacy and bond, forged in guns and marksmanship. Steve and Kathy joined a gun club, where they can utilize the shooting range; Steve often forays into the deep woods to shoot targets, while stealthily trekking through the timber.

He tells of being "unfriended" on social media by some that are averse to his gun totin' ways. But what an image: a guy in full camo, armed with a 30.06 rifle, juxtaposed to the same man who can paint a soft pink apple blossom in watercolors, or capture the facets of sparkling freshly fallen snow on the forest

Last but not least, the artist and marksman is also a man of deep faith. Steve Burdette is a pastor of a non-denominational church, conducting Sunday service at his and Kathy's home. He also frequently visits other churches to share his ministry.

Pictured is artist Steve Burdette.

He is the proverbial "man for all seasons," a man of faith who treasures his wife and family, and the great outdoors that has inspired his

Steve's art will be showcased at the Mountaintop Community Spring Fair on Saturday, March 21, 2015, at Blue Ridge Summit Fire Hall in Blue Ridge Summit, from 9:00 a.m.-3:00 p.m.

Heartly House, which serves victims and survivors of domestic violence, sexual assault, and child abuse in Frederick County, is hosting a fundraiser and major community event on Thursday, May 7, 2015, titled "Affair of the Heart." The theme of this year's annual event is "The HeArt of Heartly House: New Beginnings," and the program will include both silent and live auctions of artwork inspired by this theme.

Heartly House, in association with the Frederick Arts Council, is soliciting art from county residents, reflecting and inspired by this year's theme. They are asking all artists to use "found items" as the focal point of their pieces to illustrate the idea of the "new life" and "new beginnings" that the clients of Heartly House receive as the result of their life-saving services.

There is no financial compensation for artists; however, each artist will be recognized for his/her contribution in advance of the event on Heartly House and Frederick Arts Council websites and in marketing materials, as well as at the event. Artists will know that they are supporting an extraordinarily important and effective charitable organization in their community, as well as providing art to people who care deeply about Heartly House and its

Specifically, pieces of art are being sought in three categories: Print (paint, drawing, photography and the like); 3-Dimensional (sculpture, pottery, textile/fabric, mosaic, mixed media and the like); and Jewelry. Please note that all print art needs to be framed, as framed work is much more marketable to auction buyers. As mentioned, "found items" (rather than new materials) should be the focal point of each piece.

If you have an interest and willingness to contribute one or more pieces of art to this event, applications needs to be completed and received no later than Friday, March 6. Artists selected to participate will be notified on Friday, March 13, and then they will have until Friday, April 10, to complete and submit their works of art for auction. All questions regarding artwork should be directed to: Stephen R. Parnes, Acting Executive Director, Frederick Arts Council, 11 West Patrick Street, Suite 201, Frederick, MD 21701; 301-662-4190; sparnes@frederickartscouncil.org.

Scenes From A Marriage

by Valerie Nusbaum

I've known and observed a lot of couples who have been married for a long time, and it appears to me that the longer a couple is together, the more they begin to think and act alike. That's certainly true for Randy and me. It's surprising how often we look at each other and utter the same thought. Sometimes we don't speak at all. We can tell by a look or a raised eyebrow what the other is thinking. I'm not sure if this is a good thing or a bad thing. Maybe it's just what happens when two people live together for years.

Some couples complement each other like Yin and Yang. We knew we were perfect for each other the first time we ate broccoli together. I only eat the florets and Randy only eats the stalks. There's no waste at our house! Thankfully, I haven't adopted my hubby's other odd eating habits. Did I ever mention that he puts gravy on macaroni and cheese? Or spaghetti sauce on Brussels sprouts?

Marriage changes people both physically and mentally. We've each

changed a lot from our single days. Before we got married, Randy had horrible sinus and allergy problems. I, on the other hand, had nary a sniffle. I used to be smart. I'm talking high school valedictorian and 4.0 GPA in college smart. Now, he's the one making all A's in graduate school, and I'm the one with the runny nose.

Married couples do things they wouldn't ordinarily do in order to find common ground.

I've been to three NASCAR races. I bought the tickets and took Randy to see The Who because they're his favorite band. I've cooked for hundreds of picnics and dinners, gone to football and baseball games, and clocked a million miles on road trips. Not to mention all the movies and television shows I've watched with Randy because he enjoys them. Truthfully, I've enjoyed most of it right along with him. I like seeing him have a good time.

Randy has taken me to a lot of concerts, too. I had great times, but he seemed to enjoy them more. He

made a friend named Sarge at the Barry Manilow concert and danced with him. He disappeared during the Cher concert, and I saw him on the Jumbotron dancing with the lady who ushered us to our seats. I was eating a giant boat of nachos so I didn't care. Randy did "The Locomotion" with Little Eva, and sang and danced to "YMCA" with the original Village People. He was moving and grooving along with The Temptations, too, but one of them stopped singing long enough to tell Randy to sit down because he was throwing off their rhythm.

Also under the heading of "Things We Do for Love," Randy met Richard Simmons. My friend, Roxann Welch, and I were keeping in shape by working out to Richard's exercise videos (this was back when dinosaurs roamed the earth, ok?), and when we found out that Mr. Simmons was doing a personal appearance at a local mall, we decided to go. Randy went along with us. Richard really seemed to like Randy. I have pictures.

Randy has taken me to see the circus more times than I can count, and he always holds my hand when the clowns come out. I love the aerial acts, but I'm terrified of clowns.

Married people learn to pick their battles. Some things aren't worth fighting about. I remember a yard sale we held a while back. Randy made some signs advertising it, but he didn't put our address on them—just arrows pointing in different directions. No one came. I made him go back downtown and put our address on the signs. He did, and a car pulled up right away. He said "Don't even say it." I held my

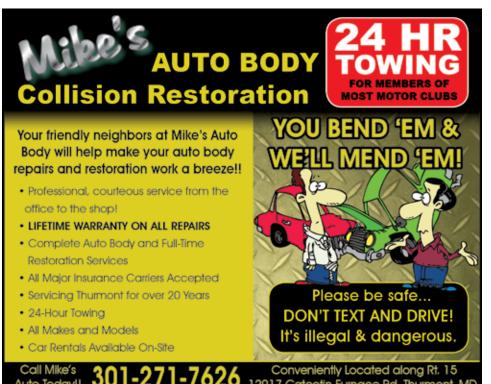

tongue, but I gave him the look and lifted my eyebrow.

Even after a lot of years of marriage, spouses can still surprise each other. I was doing the laundry in the basement. I complained to myself—as I do often about so many things—that there just wasn't enough light for me to see what I was doing. Randy was at his workbench fiddling with something, and I assumed he wasn't paying attention to me. A couple of days later, I went to the laundry room to do another load, and there, hanging above the washing machine, was a big fluorescent light fixture with a red bow attached to it. Now, a lot of wives might have gotten upset over that, but not me. I was tickled that Randy had not only heard me, but he'd actually listened. And after only eighteen years, I finally had enough light to do the laundry, which, by the way, Randy still claims he can't sort properly.

Husbands and wives support each other through difficult situations. I don't know what I would do without Randy. He's been in many a waiting room while I've undergone medical tests and waited for results. Years ago, I had to have an MRI of my brain, and the neurologist put me through a battery of tests. I was scared, and we were both relieved to hear that my tests were normal. The doctor, however, did diagnose Randy with a brain disorder, simply from symptoms I was explaining. Someday, I'll tell Randy that we were just messing with him. Hey, married couples get their kicks where they can.

Happy St. Patrick's Day to all of

Francis X. Elder Post 121 Celebrates 79th Birthday on March 12, 2015

Note: This is the story titled "History of the Francis X. Elder Post, No. 121 American Legion From its Beginning," as written by "Abigail," a writer for the **Emmitsburg** Chronicle. The article was published in the Emmitsburg Chronicle in 1940.

History of the Francis X. Elder Post, No. 121, American Legion From Its Beginning

Original Post Founded In 1920. Present One Originated in 1936. Lester J. Damuth and Charles J. Rowe Instumental In Its Formation.

By Abigail

An American Legion Post was organized here in 1920 for the first time and was named Francis X. Elder Post No. 75. The original Post was the nucleus of American Legion activities in the community and undoubtedly served as an incentive to augment the membership and the splendid spirit that is a part of the present Post.

It was not until March 12, 1936 that the present Francis X. Elder Post, No. 121, Department of Maryland, was organized by Mr. Lester J. Damuth and his committee. State Commander Charles S. Houck, of Walkersville, addressed the veterans and assisted in the organization of the new Post. Those veterans who were members of the organization at that time follow; John H. Rosensteel Jr., C. C. Combs, Charles J. Rowe, Louis H. Stoner, Clarence Baumgardner, Gerald N. Ryder, Lester J. Damuth, Maurice H. Moser, Clarence G. Fraley, James M. Alvey, J. Ward Kerrigan, George Wagerman, Raymond Baumgardner, Guy C. Angell and J. Ralph Angell.

It was agreed to name the Post the Francis X. Elder Post in honor

of the first Emmitsburg boy to enlist and the first to be killed in action. Francis X. Elder, son of the late Mr. and Mrs. James B. Elder, was born in Emmitsburg on June 30, 1893. He inlisted in the service of his country on May 9, 1917. He was in France from June 15, 1918 until death. He was killed in action on October 11, 1918. Others killed in action were Captain Henry higbee Worthington and Martin Hahn. Killed by accident was first lieutenant john Reading Schley. Died of disease, Charles Francis Gelwicks, Francis Edward Rowe. Robert Bruce Reifsnider, Arthur Bentzel and Vernon Ross Ohler.

The following Officers were elected for the year of 1936-1937; Post Commander, Lester J. Damuth; Post Adjutant, Charles J. Rowe; Vice Commander, Maurice H. Moser; Finance Officer, Louis H, Stoner; Historian, C.C. Combs; Sergeant -at-Arms, George Wagerman; Chaplain (Temporary), Reverend Father Francis Dodd; Membership Chairman, Clarence G. Frailey; Grave Registration Chairman, Gerald N. Ryder; Service Officer, Charles J. Rowe; and Child Welfare Chairman, Clarence Baumgardner. The Executive Committee was composed of John H. Rosensteel Jr., Clarence Baumgardner and James M. Alvey, and was asked by the Post Commander to draw up the by-laws of the newly formed Post.

During the year, the Post took an active part in flood relief by sending food, clothing and money to the relief committee of the Francis Scott Key Post in Frederick. They were one of the first Post to receive the "Community Service Citation".

All veteran's graves were marked and registered this year. In November the by-laws submitted by the above named executive committee were

unanimously approved. The Armistice Day Services were held on November 8 in Saint Joseph's Catholic Church, Rev. Francis Dodd, Post Chaplain was in charge of services.

A military funeral was conducted for John S. Hobbs, a World War veteran, at Saint Joseph's Catholic Church in December of that year.

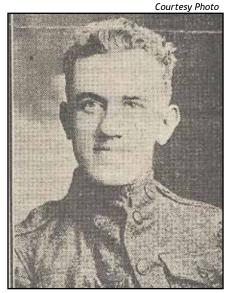

In February 1937 the Post donated \$47.00 for flood relief in the Kentucky, Mississippi and Ohio River section. The money was sent to the Red Cross. Again the Post received the "Community Service Citation".

In March 1937 the local Legion Post celebrated its first anniversary in the Fireman's Hall with a banquet and dance at which 135 Legionnaires and their guests were present. The Colors of the Legion were presented to the local Post by Bryon Hobbs, Department Commander. At the same time C.L. Shrine, Vice Commander of the Western Maryland District and Morris Frock, Post 42 of Hagerstown, presented the charter and citation. Among the notables present were; Major Elmer J. Munshower, Superintendent of Maryland State Police; Rev.John L. Sheridan, President of Mt. Saint Mary's College; Rev. William J. Groeninger, Pastor of St. Joseph's Catholic Church; Rev. E.L. Higbee, Pastor of the Reformed Church of the Incarnation; Rev. Phillip Bower, Pastor of the Elias Lutheran Church; Rev. Dearest Mama,

As I am about to enter the big fight for Democracy it is my desire now, whilst I have the opportunity to pencil you a few lines briefly, and bid you, Papa and all, a sincere farewell and may our dear and most precious God always protect you in this life, and knowing this, I will die cheerfully for a good cause, if it to be his holy will, otherwise it will be the happiest moment of my life when I can once

more kiss those motherly lips. If the worst happens to me, take the news, courageously be brave!, as I am going to try and be. If I come through O.K. I will write at once and let you know.

Hoping for the best and trusting I will see you all on earth, or that we will meet in Heaven, I am your most affectioate and loving son."

Farewell, Priv. Francis X. Elder

Happy Birthday, Francis X. Elder American Legion Post 121.

Just think, it is almost Spring! At the time of this writing, it is nine degrees outside. Yet, pretty soon, we will be mowing the grass and complaining about how uncomfortably warm it is. Funny how that works.

March is the official start of our spring season, the Thespians are holding their performances upstairs, and we are getting ready to open the Pavilion. More on the Pavilion later.

There isn't very much going on here as far as entertainment this month. On the weeks that the Thespians are here, we will have an open Juke Box on Fridays, and when the Thespians aren't here, we will have Karaoke. On Thursdays, Bingo is still a good bet for those of you who love to play; Wednesday is Corn Hole and Ace of Hearts—more than a thousand bucks for some lucky person.

We are in the planning stages for some improvements; if anyone has some spare time and would like to give a hand, please give me a call.

The Pavilion is set to open the last of March; it is available for rental and the price cannot be beat. Anyone may rent the Pavilion, a perfect venue for any type of an event. Our Ball Room is also available for anyone to rent; it has the largest wooden dance floor in the county. There is also a full kitchen available in both the Pavilion and the Ball Room.

Please contact Mac Maguire for more information.

Our kitchen is open on Wednesday, Thursday, Friday evenings and Sunday afternoon.

Okay, okay...I get it. We like corned beef and cabbage on St. Patrick's Day. Yet, there is an array of perfectly good Irish food we can eat on this day that might be considered more appropriate. We have coddle, Irish salmon, or my personal favorite, Irish stew. Don't get me wrong, I like corned beef and cabbage, but I would order Irish-style bangers and mash on St. Patrick's Day over corned beef and cabbage any time. But, I know every restaurant and bar will be serving corned beef and cabbage, as if this is the only thing they eat on the Emerald Isle. And, of course, you will probably pass up the Guinness and go for whatever beer they happen to be adding green dye to.

March 2015

However, if you are one of those many who will be foregoing the barhopping tradition, you will hopefully be cooking at home and maybe even invite a few friends or neighbors over. Although Irish food is well known for being uncomplicated, most of you will still be making corned beef and cabbage. If you are inviting me over, I like horseradish sauce with mine. One friend of mine once made corned beef and cabbage, but the store was out of green cabbage. She was in a hurry, so she purchased red cabbage instead, and everything she served was purple. The hard part of this operation is trying to convince your guests that purple potatoes were St. Patrick's favorite way to eat them.

I say go ahead and have a small party. Except for a few of the more morose poets and a couple of murderous monarchs, the Irish are a mostly friendly people. And we all love that snake-chasing patron saint, so a party in his honor is more than appropriate. So, get your shamrock decorations ready, put on your "Kiss Me, I Should Be Irish" green shirt, and make some corned beef and cabbage. Even better, make extra corned beef and cabbage. It really isn't that much extra work, and the leftovers can be turned into wonderful dishes. Here are a few ideas:

- Make hash by chopping up the corned beef and potatoes and fry it up with just a touch of horseradish.
- Even better, add chopped beets to the above to make a red flannel hash.
- Save the broth and make a coddlelike dish with the vegetables and a bit of corned beef and maybe a nice piece of sausage.
- Fried corned beef might become your second favorite side meat to serve with fried eggs.
- Make a corned beef and cabbage burrito for a quick on-the-go lunch (probably great for a hangover).
- As long as we are on the fusion thing: try corned beef and cabbage stir-fry or, even better, serve it up over your favorite ramen.
- Back to Irish cuisine: how about colcannon?

Tickling Our Tastebuds by Denise Valentine

Hello, everyone. Is it just me or are you ready for the snow, wind, and freezing temperatures to disappear and make way for spring? As I am writing this message, it is snowing...again. So, I am in the mood for some hot, tummy-warming food. I decided to share a main dish recipe that has it all: meat, potatoes, and several other vegetables.

The following is a Beef Stew recipe from a "Fix-It and Forget-It" Cookbook, filled with slow cooker recipes that I found at a local farm store. This is a great and easy recipe, because you just toss your ingredients in and turn on the crock-pot to desired temperature, depending on when you want it to be ready.

I hope you enjoy it!

Beef Stew

Ingredients

2 lbs. beef chuck, cubed

1/4 to 1/2 cup flour

1 1/2 tsp. salt

1/2 tsp. black pepper

1 tsp. paprika

3 1/2 tbsp. quick-cooking raw tapioca

1 tsp. Worcestershire sauce

2 cups beef broth

1/2 a garlic clove, minced

1 bay leaf

4 carrots, sliced, or 1-lb. bag whole baby carrots

2 onions, chopped

1 rib celery, sliced

3 potatoes, diced

2 cups tomatoes, diced

Directions

Place meat in slow cooker (approximately 4 1/2 quart size is recommended).

Combine flour, salt, pepper, paprika, and tapioca in a small bowl. Stir into meat until coated thoroughly.

Gently stir in remaining ingredients. Mix well. Cover.

Cook on low 8-10 hours or on high 3-4 hours. Remove bay leaf and stir before serving.

Winter Musings: What is Seed Stratification?

Through the many days and nights of the long, cold winter, trillions of seeds lay sleeping. They rest in their icy cradles of soil and stone, awaiting the warmth of spring. Offspring of grasses, flowers, and trees, these seeds—though inactive—are changing nonetheless, being prepared by moisture and essential freezes, which we humans must endure by piling on layers of clothing.

Stratification, though a perfectly natural process, is often used by botanists under controlled conditions in order to germinate the toughest of seeds. Some large nurseries start their fruit and nut trees, and shrubs such as dogwood and holly, from seed by use of this method. It is a bit more trouble than you and I would go to, requiring these hard seeds to be layered in damp sphagnum moss, peat or vermiculite and chilled for one to four months. Most wildflower seeds also need this hard freeze period. I have learned through trial and error that the germination rate of wildflower seed mixes is much higher in the seeds that are sown in the fall or winter. With seed mixtures you might order through the mail, frequently you will see instructions to place your seeds in the freezer for a period of time, prior to sowing them in the spring. As for vegetable seeds, simply keeping them in a cool place, not freezing, is sufficient. All seeds will suffer if too warm and too dry.

As human beings, we experience many cold, even difficult times in our lives, perhaps as a form of "human stratification." Surely out of struggle and depth of feeling have come some of our greatest symphonies, art masterpieces, writings and other human accomplishments too innumerable to list here. Against all odds, such as Beethoven's deafness or Van Gough's madness, even out of the depths of depression, creative potential and genius are released

through the cracking of a sort of protective epidermis. One of my favorite songs to sing with the guitar is "Beside Still Waters" by Dottie Rambo, whose pain nearly drove her to suicide. It is a powerful song, expressive of her pain, yet also the faith and hope she had in order to overcome it. Human stratification.

As I sit by my window, gazing out onto frozen gardens, fields, and mountains painted in shades of grays and browns on a backdrop of white, I acknowledge my own need for this "down" time. For many of us, January and February can be too cold, too difficult, even depressing. No one is exempt from those feelings at this time of year. To comfort myself, I reflect on all the wildflower seeds I scattered a few months ago in various places around the property, as well as all the seeds mother nature herself left to winter over on the ground. Those seeds will stratify and manifest into a beautiful, as well as useful, community of mostly native plants, such as black-eyed susan, daisy fleabane, cone flower, lupine, cinquefoil, evening primrose, vervain, moth mullein, milkweed, etc. Each perfect bloom that I will witness throughout the warm months ahead will have come forth as a result of successfully prepared seeds, some of which are even tinier than a grain of mustard seed.

Time passes all too swiftly some say. Even lonely, frozen days in February will pass more pleasantly if we contemplate the flowers to come, the potential within the soil, and the potential within ourselves. All we need, like the seeds, is to weather the elements of our lives with patience and hope.

Christine is starting a Friends of Nature Garden Club, which is seeking members for projects involving wildflower meadows, as well as formation of nature programs in the area. If interested, call Christine at 301-271-2307 or email at sonbirdschant@gmail.com.

Join the National Park Service in Ringing "Bells across the Land: A Nation Remembers Appomattox"

For the past four years, the National Park Service and many other organizations and individuals have been commemorating the 150th Anniversary of the Civil War and the continuing efforts for human rights today. On April 9, 1865, Union Gen. Ulysses S. Grant met Confederate Gen. Robert E. Lee to set the terms of surrender of Lee's Army of Northern Virginia.

In conjunction with a major event at Appomattox Court House National Historical Park, the National Park Service and its partners invite communities across the nation to join in this commemoration. The bells will ring first at Appomattox at 3:00 p.m. on April 9, 2015. The ringing will coincide with the moment the historic meeting between Grant and Lee in the McLean House at Appomattox Court House ended. While Lee's surrender did not end the Civil War, the act is seen by most Americans as the symbolic end of four years of bloodshed.

After the ringing at Appomattox, bells will reverberate across the country. Churches, temples, schools, city halls, public buildings, historic sites, and others are invited to ring bells precisely at 3:15 p.m. for four minutes (each minute symbolic of a year of war).

The end of the Civil War has different meanings to different people. Each organization may customize this idea to its own situation. We ask participants to ring bells across the nation as a gesture to mark the end of the bloody conflict in which more than 750,000 Americans perished. Some communities may ring their bells in celebration of freedom or a restored Union, others as an expression of mourning and a moment of silence for the fallen. Sites may ring bells to mark the beginning of reconciliation and reconstruction or as the next step in the continuing struggle for civil rights.

Schools, parks, and communities from all over the country will be participating in this event. Share how you observed it with #BellsAcrosstheLand2015. Stories will be compiled in one place to see how each one helps build our national story.

Please join the National Park Service in the historic commemoration. Let bells ring across the land!

Emmitsburg Waits Seventy-three Years for a New Post Office

The effort for Emmitsburg to get its current post office took nearly thirty years. At that point, the people who had started the push had passed on.

Many long-time residents of Emmitsburg will remember the post office when it was located on the southwest corner of the square. The building served as the post office from 1893 to 1966, according to The Gettysburg Times.

In the beginning, the building remained a private home and the U. S. Post Office Department paid rent for the front room of the home. As the town grew, so did the business in the post office.

A group of people in town decided in late 1937 that the volume of business handled by the post office warranted a government-owned building like many other communities were getting.

When U.S. Senator Millard Tydings was approached about the possibility of getting a new post office for the town, he said that he couldn't back anything unless there was a petition and request sent to the Post Office Department.

A group of citizens, with the backing of the Emmitsburg Burgess and Town Council, circulated a petition and quickly collected 170 signatures.

"It is understood that merchants and other business men of Emmitsburg are sending in separate letters to the Post Office Department urging the claims of the town to this building," the Catoctin Clarion noted.

The petition noted that Emmitsburg was the third-largest municipality in the county (behind Frederick and Brunswick), and that the current post office served an estimated 3,400 people. This included town residents, people living out of town who used the post office, and students at St. Joseph College and St. Mary's College.

The petition also pointed out that from 1934 to 1936, stamp sales had exceed \$10,000 (a first-class stamp cost three cents at the time). Stamps sales for 1937 were also expected to exceed \$10,000.

"For the investment of a modest sum the government could own its own property in Emmitsburg and provide its patrons with far more satisfactory accommodations in the way of a modern and up-to-date post office," the petition noted.

The petition was submitted at the end of 1937, and hearings were held in Washington, D.C. the following June. A number of town officials and businessmen traveled to the city to testify for a post office.

Nothing happened. The project wasn't approved.

The Emmitsburg Post Office continued to operate out of the building on the square, although it did take over more space.

It wasn't until 1964 that a new post office was approved for the town. Even that project experienced some delays, but construction on the \$50,000 building began in November 1965, and the new building opened in June 1966, at its current location on South Seton Avenue.

The Frederick News noted that the new building had 2,806 square feet of interior space, compared to 1,113 square feet in the building on the square.

Even though the federal money built the building, it had to remain in private hands because of various regulations. The Postal Service could only buy capital equipment for the building, not the building itself. The Postal Service still had to pay rent for its new space to a private owner.

However, Emmitsburg finally had its new post office.

senior moments

by Pam Robbins

Hello, from the Thurmont Senior Center. First, we'd like to thank Helen DeLuca for all of her contributions to the Thurmont Senior Center. She is an extremely valuable asset for the Center. Helen was the author of the Senior Moments column in The Catoctin Banner for many years, and she did an awesome job! She asked me to take over writing Senior Moments for her, and I can tell you it's going to be a challenge to fill her shoes. I will do my best to meet the high standards she has set.

I'd like to take a moment to introduce myself. My husband and I have lived in Thurmont for almost nine years. I was fortunate enough to retire from the Federal Government this past July, after thirty-four years of service. I worked in Bethesda most of my government career, so I didn't have a lot of opportunities to meet friends from my community. I needed a way to meet new friends and volunteer, so I decided to check out the Senior Center. I was welcomed with open arms, and have met so many warm-hearted, loving people. Teresa, the Senior Center's coordinator, and all of the volunteers are awesome. Thank you so much to everyone for accepting me as one of the family!

There are many fun activities to join in at the Center. There is 50/50 Bingo, Wii bowling, cards and games, exercise and Tai Chi sessions, knitting and quilting group, singing, puzzles, special guest-speaker events, potluck lunches, dances, and more. If you'd like to meet some new friends as I did, and participate in one of the existing activities or introduce us to a new one, please come on out to the Senior Center. We'd love to meet you! If you find yourself with a little extra time and would like to volunteer, we'd love to have you assist at the Center. We're always looking for volunteers, especially to help serve and deliver lunches, run errands for homebound seniors, and give rides to seniors who do not drive.

I hope everyone has been able to stay warm and healthy. I can't wait for spring, how about you? There were a few days in February when I was wishing I was a snow bird in Arizona!

February has been a very busy month. Because there was so much interest, we started having our 50/50 Bingo the first and third Wednesday of the month. Huge success; folks love their bingo! They enjoy getting to see their friends and to make some new ones. Our 50/50 Bingo is open to the public and is for all ages. We provide free coffee, iced tea, and snacks, such as chips, pretzels, or popcorn. Be sure to mark it on your calendars: 50/50 Bingo (first and third Wednesday, starting at 1:00

We had a great time at our Valentine's Day party, held on February 13, 2015. The Teen Group from the Thurmont Library did a wonderful job with the crafts. It was fun showing our creative side. A big thank you goes out to the Teen Group and Clare Bush from the Thurmont Library for helping and participating in this event, as well as to all of the volunteers who brought in goodies and baked cookies.

We've got a few extra activities in the month of March. On Wednesday, March 4, at 12:30 p.m., representatives from Anytime Fitness in Thurmont will be giving information about their Senior Discount Program, free week passes, and the importance of exercise to keep us young. On Friday, March 13, we will be starting the first part (of three parts) of the movie *Pearl* Harbor; Part 2 will be shown on March 20; and Part 3 will be shown on March 27—all showings will be 10:45-11:45 a.m. Come join us for a movie and popcorn. We will be having a Pot Luck lunch on Tuesday, March 17 to celebrate St. Patrick's Day! Call or stop in the Center to sign up. You have the option of bringing a dish to share or paying \$5.00. The Senior Center will supply chicken. Wear your green and come join us! On Tuesday, March 24, there will be a Genealogy Event, sponsored by the Thurmont Historical Society, from 10:00 a.m.-12:00 p.m. They will break for lunch and resume from 1:00-3:00 p.m. They are photographing Family Bibles and interviewing seniors. If you wish to participate in the session and/ or lunch, please call Teresa at 301-271-7911 by 3:00 p.m. on Friday, March 20. I hope you can join us on Wednesday, March 25 for our fashion show. It's going to be a great time. This will be my first modeling job! The show will take place from 11:00 a.m.-2:00 p.m. We all need something new to wear, right? You may need a new Easter outfit or something new to make you feel good. I know wearing something new always makes me happy! There will be some items discounted 50 percent. I know I love a good sale, how about you? So come out to the fashion show, have lunch, and

shop. (Remember, if you'd like to have lunch, give Teresa a call the day before, so we have a count of how many lunches to order). We will be having a dance on Saturday, April 4. JR Country Band will be playing Country Music, so come on down and have a "boot scootin" good time! The cost is \$10.00 a person or \$15.00 a couple. Food and drinks will be available for purchase. For a current listing of events, you can stop by the Senior Center and pick up our calendar or send a request via email to thurmontseniorcenter@zoho.com.

We've been working on our calendar of events for 2015. Here are a few of the highlights: Dances, Volunteer Breakfast, Pot Luck Lunches, Annual Birthday Party, Carnival Parade, Annual Picnic, Thurmont Community Show, Colorfest Yard Sale, and Annual Christmas Party. Specific details of these and other events to be scheduled will be mentioned in future Senior Moment articles, as well as posted in the Senior Center and on our monthly calendars. We will be working on our Facebook page as well and creating a website for the Senior Center. This will give us the ability to share with our community a calendar of events, monthly lunch menus, and announcements.

We are always looking for grants to assist us with our lunch program, as well as other expenses, such as transportation for the Center. If you know of any grants or can assist with the processes, please contact us. We are always looking for volunteers who have expertise with these types of processes.

We would like to remind everyone that a hot daily lunch is served at the Senior Center. The food is prepared by Mountain Gate Restaurant in Thurmont. We have wonderful volunteers who pick up the lunch, deliver to homebound folks, and serve the lunches at the Senior Center. The cost of the lunch is \$5.00. We ask that you contact the Senior Center the day before, so we get a count of how many lunches to order. The Center's phone number is 301-271-7911.

If there are any activities or services you'd like to see, please come to the Senior Center and provide us with your suggestions. We're always looking for new ideas and suggestions. This is your Senior Center, and we want to meet your needs as much as possible. We need your help either by volunteering, participating at our fundraisers, or making financial donations to make this the best Senior Center for the community. The Thurmont Senior Center is not part of the Frederick County Department of Aging, so we don't receive any funding from the county. We are operating as an independent non-profit 501 (c) (3) organization, so our funds are limited. We want to express our sincere thanks to those who are already supporting our programs.
